

## Certificate III in Live Production and Services CUA30415

We offer year 11 and 12 students the opportunity for hands-on training and experience in lighting, sound, staging and vision. Students who thrive in our course/s usually have some amateur or school-based experience in drama or music productions, but this is not a pre-condition. At Adelaide College of the Arts they will participate in regular, structured studio classes and then work on dance, drama and band productions in an environment which replicates industry conditions and equipment.

### Semester 1

- > Work safely in the construction industry CPCCOHS1001A
