

FOOD & FIBRE
EDUCATION SA

2019 FULL STEAM AHEAD! CAREERS SCHOLARSHIP

A free scholarship initiative for secondary school students.

INVITATION

Back by popular demand, New Holland and Food and Fibre Education SA invites students in Year 10 to 12 to discover the world of agriculture and technology in South Australia by applying for our Full STEAM ahead scholarship. The theme of the camp is 'STEAM' - science, technology, engineering, agriculture and maths.

THE CAMP

Running over four days, the camp will visit a range of metropolitan and regional areas showcasing different careers and opportunities in food production, plant science, livestock nutrition and animal genetics, agricultural science, agricultural engineering and food science.

Meet potential employers, network with South Australian research scientists and industry experts, explore over 50 different careers and see which one suits you!

Here you will try your hand at being a researcher, consultant or producer gaining valuable career networks and experience.

AGRICULTURE • LIVESTOCK

PATHWAYS • OPPORTUNITIES

ABOUT THE SCHOLARSHIP CAMP

Monday 8 to Thursday 11 April 2019

Meet industry experts and potential employers

WHERE:

The camp will take students on a tour through exciting research organisations, educational institutions and agricultural businesses in Adelaide, the Adelaide Hills, the Adelaide Plains, Outer Harbour, the Mid-north and the Barossa Valley.

Learn about careers in food, fibre and agriculture

WHO:

Anyone in years 10 – 12 can apply! If you like science, are curious about where your food comes from or are considering a career in the industry we encourage you to apply.

COST:

FREE for 20 students only. Students will be assessed on their application.

SUPERVISION:

Students will be supervised by the Education Staff from the Food and Fibre Education SA team and a representative from the Agricultural Teachers Association of South Australia. All staff have had the required police checks and are skilled educators.

CAMP INCLUDES:

- Four day industry camp from 8-11 April
- All meals, accommodation and transport
- Site visits

*See science, technology
and innovation in action*
